

# Pickleball at the Stanley Fair!

## What is Pickleball?

Pickleball is a lively racket/paddle sport for all ages and abilities. Pickleball was created with one thing in mind: fun. It was designed to be easy to learn and play whether you're five, eighty-five or somewhere in between.

Pickleball was invented in 1965 on Bainbridge Island, outside Seattle, WA. The goal of Pickleball then and now was to create a game that is fun for every member of the family.

Pickleball is traditionally played on a badminton-sized court with special Pickleball paddles, made of wood or high-tech aerospace materials. The ball used is similar to a wiffle ball, but slightly smaller. The lower net and wiffle ball allow the game to be accessible to people of all ages and abilities.

## Want to learn more?

On Saturday 18 August at the Stanley Fair the Fredericton Pickleball Club will be providing an introduction to Pickleball between 11am and 2pm inside the Agrena.
